Library of Congress - biologija 9 klasei. report on biologija 9-12 klasei pdf download. Jun 1, 2020 Biologija IX klase lygybės teisingumo praktika. 2.руаһ тr uаnуruһuуunуuу ғudһуr See also List of biology journals References External links Category:Multidisciplinary scientific journals Category:Biology journals Category:Publications established in 2001Q: Replace the first occurrence of a string with the second occurrence in a collection I have a collection of strings with the following elements String 1 String 2 String 3 String 4 String 5 String 6 String 7 String 8 I want to replace the first occurrence of the string "String 8" with the second occurrence of the "String 8" in the collection I can iterate through each string and replace the first occurrence of the string, but is there a way to do this in one line of code. A: You can use the Zip function and modify the second item in the collection to replace the first: List strings = new ArrayList(); strings.add("String 1"); strings.add("String 2"); strings.add("String 3"); strings.add("String 4"); strings.add("String 5"); strings.add("String 6"); strings.add("String 7"); strings.add("String 8"); List strings2 = new ArrayList(); strings2.addAll(new ArrayList(Arrays.asList("String 9", "String 10", "String 11", "String 12"))); List strings3 = new ArrayList(); strings3.addAll(new ArrayList(Arrays.asList("String 8", "String 13", "String 14"))); System.out.println(strings); System.out.println(strings2); System.out.println(strings3); f678ea9f9e
